## BASIC PHOTO PRINTS

*Available Sizes: Wallets, 4x6, 5x7, 8x10, 11x14, 16x20, 20x30*

### Fuji Crystal Archive Professional Luster

Vivid color reproduction, brilliant whites, with a semi-gloss luster finish; this paper offers a sharper, crisper image. #1 recommended for any type of photography.

### Fuji Crystal Archive Pearl Paper

High quality gloss finish with a distinctive pearl-like appearance.

### Fuji Crystal Archive Professional Deep Matte Paper

True non-reflective matte with warm whites and a super smooth finish. Its unique lusterless surface provides elegant color reproduction with subtlety and warmth. Great for skin tones, soft images, and black and whites.

### Kodak Endura Metallic Paper

High gloss finish and metallic appearance creates exceptionally unique depth, rich vibrant colors and flattering flesh tones.

## PRINT MOUNTING: STANDOUTS

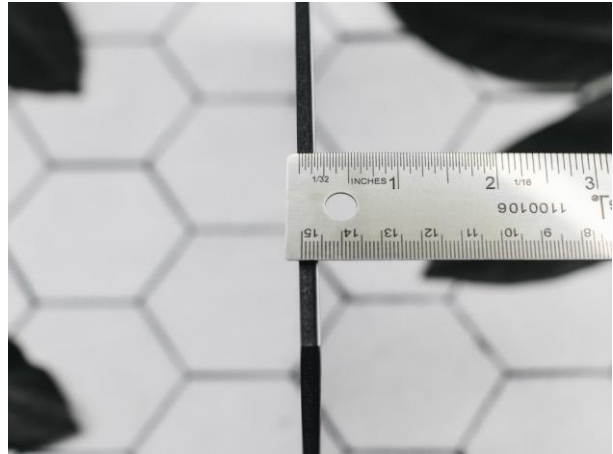

$\frac{3}{4}$ " Standouts are an excellent Ready To Hang choice for any print. With clean, finished edges and pre-made holes for hanging, you can skip the frame completely and enjoy an easy installation. The standouts are made with lightweight boards, yet they have a substantial appearance. The sides of the boards are fully protected by black or white paneling, giving it a fully finished and sealed look.

## PRINT MOUNTING: BLACK/WHITE STYRENE

3mm thick, Styrene is made from a durable, acid free plastic. It is thin enough to fit into a frame, and strong enough to stand alone. You can display it without worry of warping or denting.

## PRINT MOUNTING: BLACK/WHITE FOAMBOARD

1/4" thick, Foamboard is a perfect choice for prints that are destined for frames. It is lightweight and sealed with a plastic backing, making it durable and warp resistant.

## CANVAS (1.5" WRAP)

Available sizes: 10x10, 11x14, 12x12, 12x16, 16x20x, 20x30, 24x36  
Options: Black paper backing with sawtooth hanger or open backing with hanging wire

## SLATE

Varying Sizes on heavy, durable slate

## WOOD PRINTS

Available sizes: 8x10, 10x10, 11x14, 16x20  
Specifications: 3/5" thick with a slight bevel, pre-drilled keyholes for hanging
